Any!

My name is Cindy Higgins and I am honored to be a part of the Blessed Beginnings Family and the Fireflies teacher! I grew up in this area and received my Bachelor's and Master's degrees at OU in Early Childhood Education. I've taught kindergarten and pre-k in Moore and Norman public schools. Before taking a break to stay home with my children, I taught in the Early Childhood Education department and was the Assistant Director of OU's Institute of Child Development. After five years at home, being in the classroom is an exciting change of pace! Thank you for sharing your child with me this year!
