A LITTLE ABOUT ME

I was born and raised in OKC. My husband Michael and I have been married for 16 years. We met in college at UCO. I have a degree in Human Resources.

Michael is a pharmacist for Integris. I have been a stay at home mom for seven years to three wonderful children who are all enrolled in BBP/SACS. I love exploring new opportunities with my family and I'm thankful to explore even more with our new students.

Ms. May

My name is May Moon. I am excited to start my first year in the Wiggly Worm class. All three of my kids have graduated from this class so I hold it dear to my heart. This age is such a fun stage to teach, I can't wait to meet your child.
