Salty Treat:

Sweet Potato Fries

Team:

OU

Store:

Target/Burlington/Ulta

Fast Food:

Dave's Hot Chicken

Restaurant:

Mahogany Prime Steakhouse

Hi! My name is Summer Mancini, and I'm so excited to begin my first year at The Schools of St. Andrew's as an early childhood teacher! I've always had a passion for working with little ones and helping them grow, and I feel so grateful to now be part of this amazing school community. I've been involved in childcare and early education for several years, including homeschooling my own children for a full year. That experience gave me a deeper love and understanding for how young minds learn best through play, exploration, and lots of patience and encouragement. I'm a proud mom of two wonderful kids who keep life full of fun, laughter, and learning. As a family, we love doing arts and crafts, spending time outdoors, and going on little adventures. In my spare time, I also enjoy photography it's one of my favorite creative outlets and a way I love to capture the small, beautiful moments in life. I can't wait to get to know your children, support them as they grow, and be part of the joy and learning that happens in our classroom every day. It's truly an honor to share this journey with your family!
